Team Meeting 13

Date: November 1, 2018

Day: Friday

Time: 8:00 p.m

Duration: 60 min

Attendees:

1. Aman Yadav (201651007)
2. Dakshkumar Gondaliya (201651014)
3. Kirtika Singhal (201651024)
4. Mayank Pathela (201651029)
5. Nikhil Sachan (201651034)
6. Parmeshwar (201651035)

Goals:

● Integrating the modules and evaluating the application built.

Discussions:

● Had a discussion about speeding up the work for final submission.
● Discussed about integrating the front-end framework with the back-end models.
● Express framework was decided to link the client application with the to-be deployed server through API calls.
● Discussed the flowchart for the timetable algorithm.
● Discussed about the documents that need to be created.

Conclusion:

1. Remaining documents need to be completed
2. Testing has to be started at the earliest.

Tasks Assigned:

1. Front-end developers need to complete all the remaining work in two days.
2. Back-end developers also need to complete the work within the same duration.
3. Test cases should be prepared within the same duration.
